Electronics Marketplace Snapshot

Synthetic inventory, pricing, stock and review analysis

Purpose

A compact, internally consistent sample report for testing retrieval-augmented generation, document parsing, product comparison and analytical workflows in the consumer-electronics domain.

Data status: fully synthetic | Currency: INR | Records: 12

Executive Summary

The catalog contains 12 fictional listings across audio, computing, storage, networking, power, security and display categories. The average listed price is Rs. 5,357. Eight products are in stock, three are low stock and one is out of stock.

Metric	Value	Interpretation
Average rating	4.38 / 5	Generally positive synthetic feedback
Highest review count	1,120	LumaSpark power bank
Highest price	Rs. 11,499	Prismora monitor
Lowest price	Rs. 2,499	TerraClick mouse
Items needing replenishment	4	Low stock plus out of stock

Inventory Priorities

The PixelArc webcam is unavailable and should be treated as a replenishment candidate. GridRoute, Auralite and EverVue each have fewer than 20 units, so they should be monitored if this sample is used to test reorder logic.

Selected Product Comparison

Product	Price	Stock	Rating	Warranty
VoltEdge 1TB Portable NVMe SSD	Rs. 7,499	31	4.7	36 mo
SonicCraft USB Studio Microphone	Rs. 5,899	23	4.6	24 mo
FluxCharge 65W GaN Charger	Rs. 3,199	68	4.6	18 mo
PixelArc 2K Conference Webcam	Rs. 4,199	0	4.5	24 mo
Prismora 24-inch FHD Monitor	Rs. 11,499	16	4.5	36 mo
NovaLink 7-Port USB-C Hub	Rs. 3,499	42	4.4	18 mo

Analytical Use Cases

• Product-search and semantic-retrieval evaluation using titles, categories and compatibility fields.

• Agent routing tests for inventory, pricing, comparison, warranty and recommendation questions.

• CSV ingestion validation alongside narrative DOCX and PDF retrieval.

• Grounded answer testing where synthetic identifiers prevent accidental matching to real marketplace products.

Synthetic Data Notice

All products, brands, sellers, specifications and commercial values in this report are fictional and created only for demonstration and testing.
